## ABOUT US

Toni Plastic Industries has been delivering custom plastic OEM/ODM parts and plastic components to a wide range of businesses since 1980. What do we bring to the table? Ideas in the design, development, and manufacture of injection moulded plastic parts that give our OEM customers a more efficient, cost effective way of doing things.

What separates us from competitors is our unmatched ability to identify time and cost saving ways to manufacture parts and components. Our experts are specially trained to review our Customers' manufacturing processes and identify ways in which we can help them reduce material costs, improve productivity, and reduce lead times without compromising quality.

Superior Quality, complete customers satisfaction are the hallmarks of our products. Our professional and quality conscious approach to the business has made us a reliable name in the international market. We undergo a continuous process of achieving and maintaining highest standard of quality, keeping in mind your needs, and having confidence in our products is of prime importance for us. Each one i.e. the employee as well as the management is responsible to follow the rigid quality control measures that has been put into effect.

The company is managed by a team of qualified designers, quality controllers, finishing and packaging staff i.e. each department is looked after by the expert guidance of the concerned manager. Our commitment to quality along with timely delivery of bulk orders has earned us a good reputation in the international market.

## BOTTOM HANGER

Toni Plastic Industries is a manufacturer, wholesaler, and exporter that offers a wide range of options. We specialize in Bottom Hangers, Trouser Hangers, Arrow Clip Hangers, Bottom Clip Hangers, and other types of hangers made from high-quality materials. Our hangers are designed to be durable and long-lasting, ensuring that your pants and trousers stay in excellent condition.

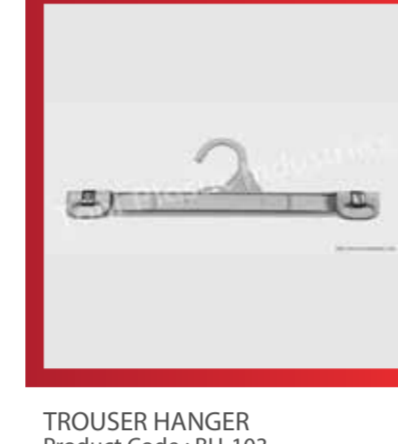

Bottom Hangers are perfect for keeping your pants organized and wrinkle-free. These hangers come in different sizes, allowing you to hang a variety of pants, from dress pants to casual jeans. Trouser Hangers are designed to be gentle on your pants, preventing creases and wrinkles. Arrow Clip Hangers are great for hanging pants with belt loops, as they have clips that grip the waistband of your pants. Bottom Clip Hangers, on the other hand, have clips that grip the bottom of your pants, keeping them in place and preventing them from slipping off.

## PLASTIC DOWEL SLEEVE

Toni Plastic Industries is a prominent manufacturer, wholesaler and exporter of all kinds of high-quality Square Dowel Sleeve, Diamond Dowel Sleeve and Plastic Dowel Sleeve.

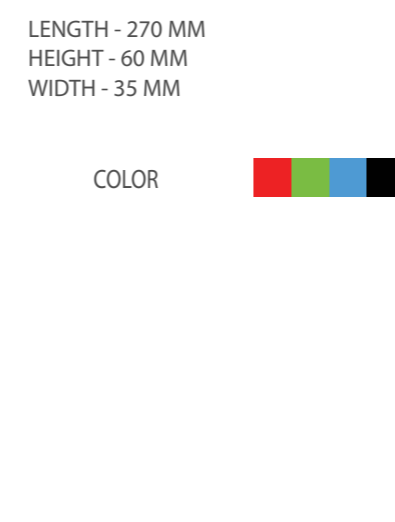

Dowel Sleeve is a type of sleeve that is used to join concrete slabs together. It is made of high-quality steel and has a square shape, which helps to provide extra strength and stability to the concrete joint. The sleeve is inserted into the concrete slab on either side of the joint and is then filled with grout or epoxy. This creates a strong bond between the two slabs, which helps to prevent cracking and damage.
